Regulation 3

- .1 All racehorses shall be freeze-branded by the Veterinary Surgeon for identification and registration purposes. **Subject to Regulation 3.2**, in the case of an imported racehorse, it shall be freeze-branded during the quarantine period.
- .2 **The Association may, at its discretion, upon the recommendation of the Veterinary Surgeon exempt an imported horse from freeze-branding should the said horse already possess a distinct and permanent freeze brand marking from a recognized racing jurisdiction which, in the opinion of the Association, adequately differentiates such horse from the existing Association's racehorse population.**
